Youth Leadership Development Programs

Youth Grants

Serving the Youth of Peterborough and District

Our focus is on helping Youth succeed!

What Is The Youth Grants Program All About?

The Youth Grants Program is comprised of two major parts, the Youth Grant Committee and the Youth Grant Applicants. This pamphlet will tell you about both!

Why Youth Grants?

United Youth Grants foster leadership skills and the value of volunteerism

The program empowers youth to improve their communities and the lives of those around them

Youth gain skills in project management and leadership as well as use their talents to support issues of concern to them.

Projects are designed to make a positive contribution to your school/city and/or peers

Youth Grants have included everything from skills development to issues based conferences, to educational displays, workshops and after school programs

What Can A Youth Grant Do?

Previous grants were awarded in the 2006-07 to students wishing to create a classroom education program about HIV/AIDS, design art to help bring awareness to poverty issues, create an after school photography program and supporting leadership development opportunities for the youth in our community.

The United Youth Grants Program is a tremendous opportunity for youth to give back to their community

United Youth Grants provide funding of up to \$500 for Youth led Projects in our community
