## You can make a difference every single day

Life is complicated -- for the family living in poverty, the child struggling in school, or the person living with a mental illness -- there is often no single way to move forward. When you give to United Way, you're working with us to invest in programs with a wide range of impacts. Our funding provides relief when basic needs such as food or shelter are nowhere to be found. It creates hope by helping job seekers find work and youth to go on to graduate. It helps create a healthy, resilient, inclusive community. These are only a few of the ways that your donation creates change. When you give to United Way you are changing lives.

The best way to make a real difference in people's lives is to give directly to United Way. When you do, you give us and our agencies the flexibility to use your support where it's needed most.
